Pierfrancesco Franco, Prof. MD, MSc, PhD

WG Member

Associate Professor of Radiation Oncology, Department of Translational Medicine (DIMET), University of Eastern Piedmont and Chair of the Radiation Oncology Department, AOU Maggiore della Carità, in Novara, Italy.

He completed his training at the Medical School of the University of Turin in 2003, where he also was trained as Radiation Oncologist within the Radiation Oncology residency programme until 2007. He then completed the Phd programme in Human Oncology in 2014 and received his Master in Epidemiology in 2023.

His main fields of interest are clinical and translational research for gastrointestinal tumours, breast cancer and head and neck tumours. He is Investigator of several clinical trials to advance the therapeutic management in these clinical settings and has a specific interest in health-related quality of life and supportive care. He is author or co-author of 250+ peer-reviewed articles and book chapters.

He is an active member of international academic groups such as the European Society of Radiation Oncology (ESTRO), the European Organisation for Research and Treatment of Cancer (EORTC), the European School of Oncology (ESO) and the Associazione Italiana di Radioterapia ed Oncologia Clinica (AIRO).
